

## The 90 Minute War Feature Film

- **Synopsis**

Finally, after more than a hundred years of bloodshed, the Israeli-Palestinian conflict is about to be resolved. A moment before another round of violence, the ideal solution has been reached: a soccer game. One game that will decide who gets to stay in the holy land, and who must leave.

"The 90-Minutes War" follows the preparations, the crises and the drama leading to the fateful game: from the meetings at the International Football Association in Geneva to the town in Portugal where the game will be played; Funny, sad, wild and politically incorrect, this political comedy kicks this exhausting conflict to the sidelines, where it belongs.

85 min/Hebrew/Arabic/English/Portuguese (English Subtitles) 2015
